4. Policy Statement

During an individual's time with Holy Cross Multi-Academy Company, we will use information that we gather in relation to them for various purposes. Information that we hold in relation to individuals is known as their "personal data". This will include data that we obtain from the individual directly and data about the individual that we obtain from other people and organisations. We might also need to continue to hold an individual's personal data for a period of time after they have left the school. Anything that we do with an individual's personal data is known as "processing".

This document sets out what personal data we will hold about our data subjects, why we process that data, who we share this information with, and the rights of individuals in relation to their personal data processed by us.

5. What information do we process in relation to our workforce?

We will collect, hold, share or otherwise use the following information about our workforce:

- personal information (such as name, address, home and mobile numbers, personal email address, employee or teacher number, national insurance number, and emergency contact details)

We will also use special categories of data including such as gender, age, ethnic group, sex or sexual orientation, religious or similar beliefs, political opinions, trade union membership, information about health, genetic information and biometric data. These types of personal data are subject to additional requirements.

6. Where do we get information from about our workforce?

A lot of the information we have about our workforce comes from the individuals themselves. However, we may also obtain information from tax and regulatory authorities such as HMRC, previous employers, your trade union, the DBS, our insurance benefit administrators, consultants and other professionals we may engage, recruitment or vetting agencies, other members of staff, students or their parents, and publicly available resources including online sources. In addition, we may obtain information from automated monitoring of our websites and other technical systems such as our computer networks and systems, CCTV and access control systems, communications systems, remote access systems, email and instant messaging systems, intranet and internet facilities, telephones, voicemail and mobile phone records.

d. Where we otherwise have the consent of the individual

Whilst the majority of processing of personal data of our workforce will not require consent, we will inform individuals if their consent is required and seek that consent before any processing takes place. Due to the imbalance of power in an employee to employer relationship, it is generally thought that although consent may be implied it cannot truly be freely given. - For the purposes of preventative or occupational medicine in order to assess an individual's working capacity and/ or the need for reasonable adjustments.
- Where we otherwise have an individual's explicit written consent – subject to the restriction set out above on the use of consent in an employment relationship.

There may also be circumstances where we need to use your information in relation to legal claims, or to protect your vital interests and where you are unable to provide your consent.

9. Failure to provide this information

If our workforce fail to provide information to us then this may result in us being unable to perform the employment contract, or we may be prevented from complying with our legal obligations.

10. How long will we hold information in relation to our workforce?

We will hold information relating to our workforce only for as long as necessary. How long we need to hold on to any information will depend on the type of information. For further detail, please see our Data Retention Policy.
